<CV>

Rafael Pandu .S

(Fullstack_Developer)

/summary

I am a **Fullstack Developer** with **4 years** of experience designing, developing, and maintaining web applications. I have expertise in using a variety of **frontend** and **backend technologies**, and am used to working in a **dynamic and collaborative development environment**.

/experience

(Website Developer)   2023 - now

/fullstack experience

January 2023 - Present
- Developed web apps with React.js, Angular, HTML5, CSS, Tailwind, & Bootstrap.
- Built server-side applications using Node.js, Django, and PHP.
- Managed databases: PostgreSQL, MySQL, MongoDB.

(Field work training)   2024 Jan - Jun

/Rekayasa Perangkat Lunak Training

During a six month internship at the National Research and Innovation Agency (BRIN) as a field work practice, I developed web applications using HTML5, CSS, JavaScript, and PHP. I worked on back-end development with Node.js and managed MySQL databases.

I also designed responsive UIs with Bootstrap and Tailwind. Collaborating with senior developers, I resolved technical issues and conducted code reviews. I gained insights into organizational dynamics and the professional IT work environment.

(software engineering)   2024 - 2027

/Software engineering learning

Focused on software development using HTML, CSS, JavaScript, and PHP for building interactive web applications. Developed skills in MySQL database management and Node.js for back-end development. Engaged in UI design using Bootstrap and Tailwind CSS, collaborating effectively in team projects.

/skills

- HTML5
- CSS(Tailwind & Bootstrap)
- Javascript(ReactJS)
- PHP
- Node.js
- 3D Modelling
- experienced in organizing

/education

2020 - 2023   **junior high school**

SMP NEGERI 4 DEPOK

2024 - 2027   **Vocational High School**

SMK WIRA BUANA 2 BOGOR (Software Engineering)
